Take that pussy little Monk loving  
faggott [*sic*] and his retarded kid with  
him."

"there is another name for

Q. What is [ a sociopath]?

A. ...someone who is out of touch with reality and  
has no empathy for the victims. ...

...

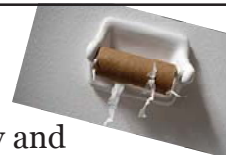

Q. ...you called me that, I think, the moment we sat  
down. ...how did you come to that conclusion?

A. .... Every attorney I've met with the **Innocence  
Project** lies, cheats, steals and tries to obfuscate  
the evidence in front of the court. ...

Q. I see. And so that makes me a sociopath?

A. No. That makes you an ass-wipe. You make  
yourself a sociopath.
